About Our Company

SERVICE | INNOVATION | QUALITY

Founded in 1989, TRC Worldwide Engineering, Inc. is a full service, multi-disciplinary engineering firm, providing exceptional quality and service in: Structural, Steel Detailing, Restoration & Inspection, MEP, Transportation, Parking Structure Design and Architectural Support.

The Company is actively involved in the design of new construction and stays current on state-of-the-art design techniques and software packages. Through knowledge of conventional construction practices, our engineers apply those techniques for a cost-effective project. We believe that teamwork and diversity result in design solutions tailored to meet each client's goals. Through experience, our clients know TRC doesn't simply complete the project, but also builds strong, long-term relationships.

Compensation & Benefits

Employees are eligible for benefits on day 1, and TRC pays for over 95% of employee-only benefits! That includes medical, dental, vision, short term disability and life insurance. We also offer voluntary insurance plans, a 401(k) match, holidays, vacation and more!

*TRC Worldwide Engineering is an Equal Opportunity Employer. ALL individuals are encouraged to apply.
We participate in E-Verify.*
